Set along one of Vienna's most desirable streets and moments from the W&OD Trail, 903 Lauren Lane SE is an exceptional new luxury residence coming soon by LUKA Design & Build. Currently under construction, this thoughtfully designed home presents a rare opportunity to own a custom-crafted property that blends timeless warmth with modern sophistication. Spanning approximately 5846 square feet across 4 beautifully planned levels, the residence will offer five bedrooms, six full bathrooms, and one half bath, with every detail intentionally curated to elevate everyday living.

Designed with LUKA's signature aesthetic, the home will embody clean architectural lines softened by warm textures, natural materials, intricate millwork, and ambient lighting throughout. Expansive living spaces will be thoughtfully connected to create a seamless flow between formal entertaining and comfortable daily life, while oversized windows and large-scale glass doors will invite natural light into every corner of the home.

At the center of the residence, the kitchen is envisioned as both functional and refined. Custom cabinetry, designer finishes, premium appliances
